

## UJ640 JAW CRUSHER PIONEERING SOLUTIONS FOR YOU

**TECHNICAL SPECIFICATION** 

The UJ640 tracked jaw crusher mounts the highly productive Sandvik CJ615 jaw, on a full tracked chassis but with an electric crusher drive. The CJ615 crusher is a single toggle 1500 x 1100 mm (60 x 44") jaw crusher, which has been designed and manufactured with customer's real requirements in mind.

The UJ640 comes in 2 basic types:

- Comfort Complete with feeder and grizzly, fitted screen deck underneath, by-pass chute and optional fines conveyor.
- Direct Identical configuration to above, but feed arrangement consists of a 10 m3 fixed feed hopper.
   Should oversized rock enter, the hopper can be hydraulically tilted backwards.

## **KEY BENEFITS**

- For clean, trouble free operation, the discharge conveyor comes complete with belt scale, steering rolls and impact bars situated under the crusher.
- Feed is adjusted in the crusher depending on

- material level through a level monitoring system. (Available with the Comfort version only).
- Main power is 400V AC, Control voltage is 230V AC and 24V DC.
- Easily adapted for connection to mains electrical supply.
- A number of sensors are situated at strategic locations to ensure a trouble free operation, and prevent against costly breakdowns.
- In order to protect the main conveyor a material bed is situated directly under the crusher.
- Platforms around crusher, screen and generator, provide excellent access for service and maintenance.
- Floodlights are fitted for night time and conditions of poor visibility.
- The entire machine may be manoeuvred by radio remote control and / or umbilical cord.
- For flexible operation between sites and to meet transport regulations the UJ640 is transported in parts. These are easily separated with the aid of the four hydraulic legs with reassembly time being minimised through this "kit" construction.

## **OPTIONS (COMFORT)**

Overband magnet

Belt scale on discharge conveyor

Level indicator for stock pile at discharge end

Level indicator for stockpile discharge conveyor

Dust filter

Oil bath cleaner for filter

NF conveyor incl. support

Belt scale for NF conveyor

Water spray system (spray nozzles both on crusher and discharge

conveyor) 2008

Floodlights on crawlers

Diesel driven heather for engine

Extra lifting arrangement for shipping

Removable side wall extension feed hopper

Preparation for connection to main supply

Automatic lubrication system

Hydraulic hammer set

## **OPTIONS (DIRECT)**
